Debit Card Safety Tips for Summer Travel

No one wants to spend their hard-earned vacation dealing with difficulties. Keep these tips in mind before you travel!

Let the credit union know your travel plans. By notifying the credit union, we can note the travel and avoid any potential automated blocks placed on your cards for suspected fraud, resulting from a purchase made outside of your normal activity.

Limit the # of cards you travel with, but do have multiple options. Only travel with necessary cards, keep others safely at home. By having a couple payment options, you can be sure to have access to the money you need in case any issues arise while you're away.

Know the limits of each card. By knowing your withdrawal & purchase limits, you can plan accordingly and make necessary arrangements.

Set up account alerts. Always know what's going on with your accounts. Take a pic of your cards & other personal items. Act quickly if you lose your card.

Ensure the credit union has your most current information. We may need to contact you for various reasons. Be sure that we have the most current cell phone numbers, email & address.

"In summer, the song sings itself."

Travel Notices

Going out of town this summer? Be sure to let us know so that we can mark your account accordingly. VISA's Fraud Department monitors unusual transactions & may block your card. By notifying us of your travel dates, we can let them know that you will be using your card out of your normal area.

Keep Us In the Loop!

Remember to keep us informed about any major changes to your information such as: **last name, addresses, phone numbers, joint owners, beneficiaries or email addresses.** Please update this information as soon as possible to avoid missing any important news or alerts related to your accounts at this credit union!

** Night Drop Reminder **

Deposits in the night drop are deposited the next business day. Checks and ACH withdrawals are cleared by our processor before the credit union opens. Please be sure you have ample funds in your account when you write a check or use your debit card. Insufficient fund fees cannot be returned unless it is caused by a credit union error.
